

CATALOG FRONTURI FREZATE SI VOPSITE FRONT-MDF

Alegeti dintr-o varietate de frezari, culori si finisaje potrivite stilului dumneavoastra.

Va punem la dispozitie o gama larga de peste 2000 de culori din paletarul RAL si NCS in care va putem vopsi fronturile cu finisaj mat.

Recomandam a se evita insemnarea cu marker, creion, pix, etc. si atingerea cu obiecte dure sau ascutite. Pentru intretinerea fronturilor vopsite NU folositi solutii care pot contine alcool, acizi sau solutii cu particule care pot strica vopseaua sau finisajul.

Va sugeram sa folositi pentru curatare lavete de microfibra imbibata cu apa / apa cu sapun sau a solutiilor specifice pentru curatarea mobilierului vopsit.

Deasemenea, se va specifica modalitatea de transport a fronturilor:

- contra cost - din parte firmei;
- transport in regim propriu;
- etc.

Orice gaurire sau debitare in conditii neadecvate a produsului finit va deteriora finisajul si automat va anula garantia.
